GENERAL TERMS AND CONDITIONS OF SALE

The Rencontres Business Hydro, a meeting place for experts in hydroelectricity and renewable energy innovations, is organised once a year by the Hydro 21 association (the Organiser). The Exhibitor has expressed its wish to take part in the show.

Art. 1 - The purpose of these General Terms and Conditions (GTC) is to define the terms and conditions of the Exhibitor's participation in the Business Hydro meetings. They determine the rights and obligations of both the Organiser and the Exhibitor. These GTC are sent to the Exhibitor with the participation file. They will be supplemented by an "Exhibitor's Technical Guide", which will be sent to the Exhibitor at least 4 months before the date of the exhibition. The General Terms and Conditions will be signed electronically with the order form. By signing them, the Exhibitor accepts, without restriction or reservation, these GTC and the Exhibitor's Technical Guide, which form an integral part of the participation contract binding the parties. These GTC take precedence over any clauses and conditions to the contrary that may appear in any contractual document issued by the Exhibitor. The Exhibitor acknowledges that he has received the necessary advice and information to ensure that the range of services offered by the organiser meets his requirements. He declares that he is legally capable of entering into a contract.

Art. 2 - The Organiser determines the location, duration, opening and closing times of the event, the price of stands and admission tickets, as well as the closing date for registrations. He alone determines the categories of persons and/or companies admitted to exhibit and/or visit the event, as well as the nomenclature of the products or services presented. All of this information is sent to exhibitor contacts from previous years by the organiser via a Participation File, which also contains these General Terms and Conditions and an order form, on which the exhibitor contact will tick the services required.

EXHIBITOR ADMISSION

Art. 3 - The organiser is free to refuse any Entry Form, without having to justify its decision.

Art. 4 - On receipt of the electronically signed order form and these General Terms and Conditions, the Organiser will send the Exhibitor a stand proposal by e-mail (exhibition plan, technical characteristics of the stand, any obstacles and dimensions).

Art. 5 - If the Exhibitor agrees to this proposal, the Organiser will send him the corresponding invoice.

Art. 6 - The invoice is payable on receipt, by bank transfer. In the absence of payment 7 days after receipt of the invoice, the Organiser reserves the right to cancel the Exhibitor's reservation.

Art. 7 - Once the invoice has been issued by the Organiser, the Exhibitor is definitively committed to the Organiser. Subsequent cancellation by the Exhibitor of his participation may give rise to the penalties stipulated in article 16 of these GTC.

INSTALLATION - REMOVAL OF STANDS

Art. 8 - Stands must be set up and dismantled in accordance with the times indicated in the Exhibitor's Technical Guide.

Art. 9 - The site made available to the Exhibitor must be returned in its original condition. The costs of restoring the site to its original condition following damage caused by the Exhibitor's installations, goods or employees to the building or the ground made available, will be re-invoiced by the Organiser to the Exhibitor, plus a sum fixed at 300 € excluding VAT as compensation for the loss suffered by the Organiser.

Art. 10 - If the Exhibitor fails to comply with the deadline for installing the stand, the Organiser reserves the right to charge the Exhibitor a penalty fixed at 300 € excluding VAT as compensation for the loss suffered.

Art. 11 - If the Exhibitor fails to comply with the deadline for uninstalling the stand, the Organiser reserves the right to clear the stand of any items left on it. These removal costs will be re-invoiced to the Exhibitor, plus a sum fixed at 300 € excluding VAT as compensation for the loss suffered by the Organiser. Objects and materials left behind by the Exhibitor after the stands have been dismantled will be destroyed, without the Organiser being held liable for this.

Art. 12 - The stand equipment made available to the Exhibitor is placed under his responsibility. It is the Exhibitor's responsibility to ensure that they are not damaged during the Exhibition and during the set-up and dismantling periods. In particular, it is forbidden to make holes in partitions using screws, nails or tacks. The cost of repairing stand equipment will be invoiced to the exhibitor (replacement of the damaged partition).

ORGANISATION OF THE EXHIBITION AND STANDS

Art. 13 - The Organiser may change the names of the matches at any time, in whole or in part, without affecting the validity of the participation contract.

Art. 14 - The Organiser is responsible for the stand infrastructure. The Organiser draws up the plan of the event and allocates the stands. He reserves the right to modify, if necessary and in the interests of the event, the layout and location of the stand allocated to the Exhibitor. In this case, the Organiser guarantees the Exhibitor a stand equivalent to the one allocated to him.

Art. 15 - Any visual, acoustic or physical commercial practice aimed at attracting visitors to the stands must be approved by the Organiser by e-mail, at least 8 days before the opening of the event.

EXHIBITOR'S OBLIGATIONS

Art. 16 - The participation contract is final and irrevocable once the corresponding invoice has been issued by the Organiser. In the event of cancellation or withdrawal by the Exhibitor less than 4 (four) months before the opening of the Exhibition, the latter will remain liable for the full amount of his participation and any related invoice, notwithstanding the possibility for the Organiser to use the surface area that had been allocated at his discretion.

Art. 17 - The stand must be occupied at all times during the official opening hours for visitors. If this is not the case, the Organiser reserves the right to charge the Exhibitor a penalty fixed at 300 € excluding VAT as compensation for the loss suffered.

Art. 18 - If the Exhibitor, for any reason whatsoever, does not occupy his stand on the opening day of the event or on the installation deadline set by the Organiser, this absence is deemed to be a withdrawal and gives rise to the application of Article 16 above.

GENERAL PROVISIONS

Art. 19 - The Exhibitor must be aware of and comply with all regulations in force at the time the event is held, issued by the public authorities or by the Organiser, in particular the ban on smoking in places intended for collective use and regulations concerning Fire Safety and Health and Safety Protection (SPS).

Art. 20 - No domestic animal, even that of a visitor, may be admitted to the event. The owner or the person accompanying the animal will be solely responsible for any damage or injury caused or suffered by said animal.

Art. 21 - In the event of Force Majeure, the Organiser may, without the Exhibitor being able to claim any compensation, decide to move, extend, postpone or close the meetings early. The Organiser may also use a different venue, cancel or postpone the event. The following in particular shall be deemed to be cases of force majeure: strikes,

acts of terrorism, war, natural disasters, pandemics (Ex. COVID 19). If the organiser is prevented from fulfilling all or part of its obligations under the terms of this contract by an act of God, a fortuitous event, or by any person not involved in the organisation and running of the exhibition, it must inform the other party and the contract will be suspended. The organiser will then be released, without having to pay any compensation and without being held liable, from the obligations resulting from this contract, until the cause or effects of the force majeure have ceased.

Art. 22 - A free parking space will be made available to the Exhibitor in the ALPExPO car parks.

INSURANCE

Art. 23 - The Organiser takes out civil liability insurance to cover its obligations in organising the Meetings. The Exhibitor must also take out civil liability insurance to cover any damage caused to other exhibitors and visitors. The Exhibitor undertakes to provide the Organiser with the insurance certificate on request. The clauses, cover, excesses and exclusions (particularly theft) are set out in the Exhibitor's Technical Guide. The insurance conditions may be modified according to the insurers' requirements. Any changes will be accepted by the Exhibitor, who undertakes not to consider them as being of such a nature as to call into question the participation contract. However, the Exhibitor may, at his convenience, take out additional insurance with his own insurer or with the organiser's insurer.

LEGAL PROVISIONS

Art. 24 - The Organiser shall be entitled to impose a penalty that may go as far as the exclusion of the Exhibitor and to claim, where applicable, compensation for any loss suffered in the event of a breach of the obligations incumbent upon it pursuant to these GTCs or the Exhibitor's Technical Guide.

Art. 25 - Whatever their merits, any grievances an Exhibitor may have against another Exhibitor or the Organiser shall be discussed away from the event and must in no way disturb its tranquillity or image.

Art. 26 - In the event of a dispute between the parties, they agree to give priority to mediation, under the aegis of the Grenoble Chamber of Commerce and Industry. In the event of failure, the Grenoble courts shall have sole jurisdiction. By express agreement between the parties, these terms and conditions are governed by French law.
