By signing (just mark first and last name), I agree to the sales conditions below. Incomplete applications will not be accepted.

PLEASE "SAVE AS" YOUR ORDER FORM AND RETURN IT BY E-MAIL TO [commercial@businesshydro.fr](mailto:commercial@businesshydro.fr)  
An account manager will be on hand to answer your questions and propose a layout plan.

# GENERAL TERMS AND CONDITIONS OF SALE

**Art. 1** - The purpose of these general terms and conditions of sale (GTC) is to define the conditions of participation for Exhibitors in Business Hydro meetings. They determine the rights and obligations of both the Organizer and the Exhibitor. These GTC are provided to the Exhibitor with the participation file. They will be supplemented by a "Technical Guide for Exhibitors," which will be sent to the Exhibitor at least four months before the date of the trade show. The GTC will be signed electronically with the order form. By signing them, the Exhibitor accepts without restriction or reservation these GTC and the Technical Guide for Exhibitors, which form an integral part of the participation contract binding the parties. These GTC take precedence over any contrary clauses and conditions that may appear in any contractual document issued by the Exhibitor. The Exhibitor acknowledges that they have received the necessary advice and information to ensure that the services offered by the organizer are appropriate to their needs. They declare that they are legally capable of entering into contracts.

**Art. 2** - The Organizer determines the location, duration, opening and closing times of the event, the price of stands and admission fees, and the closing date for registrations. He alone determines the categories of persons and/or companies admitted to exhibit and/or visit the event, as well as the nomenclature of the products or services presented. All this information is sent to exhibitor contacts from previous years by the organizer via a Participation File, which also contains these General Terms and Conditions and an order form, on which the exhibitor contact ticks off the services required.

## EXHIBITOR ADMISSION

**Art. 3** - The organizer is free to refuse any Entry Form, without having to justify his decision.

**Art. 4** - On receipt of the electronically signed order form and these GTC, the Organizer will send the corresponding invoice.

**Art. 5** - If the Exhibitor agrees to this proposal, the Organizer will send them the corresponding invoice.

**Art. 6** - The invoice is payable upon receipt, by bank transfer. If payment has not been received within 7 days of receipt of the invoice, the Organizer reserves the right to cancel the Exhibitor's reservation.

**Art. 7** - Once the invoice has been issued by the Organizer, the Exhibitor is definitively committed to the Organizer. Any subsequent cancellation of participation by the Exhibitor may result in penalties as provided for in Article 16 of these GTC.

**Art. 8** - In the event of late payment exceeding 45 days, penalties will be charged.

## INSTALLATION - DISMANTLING OF STANDS

**Art. 9** - The installation and dismantling of stands must be carried out in accordance with the schedule indicated in the Exhibitor Technical Guide.

**Art. 10** - The space made available to the Exhibitor must be returned in its original condition. The costs of repairing any damage caused by the Exhibitor's installations, goods, or employees to the building or floor space provided will be charged to the Exhibitor by the Organizer, plus a fixed sum of €300 excluding tax to compensate the Organizer for the damage suffered.

**Art. 11** - In the event that the Exhibitor fails to comply with the stand installation deadline, the Organizer reserves the right to charge the Exhibitor a penalty, set at a flat rate of €300 excluding tax, as compensation for the damage suffered.

**Art. 12** - In the event that the Exhibitor fails to comply with the deadline for dismantling the stand, the Organizer reserves the right to remove any items left on the stand. These dismantling costs will be invoiced

to the Exhibitor, plus a fixed sum of €300 excluding tax to compensate the Organizer for the damage suffered. Any items or equipment left by the Exhibitor after the stand dismantling period will be destroyed, without the Organizer being held liable for this.

**Art. 13** - The stand equipment made available to the Exhibitor is placed under their responsibility. It is the Exhibitor's responsibility to ensure that it is not damaged during the exhibition and during the assembly and dismantling periods. In particular, it is forbidden to make holes in the partitions using screws, nails, or thumbtacks. The Exhibitor will be billed for the cost of repairing the stand equipment (replacement of the damaged partition with a new one).

## ORGANIZATION OF THE EXHIBITION AND BOOTHS

**Art. 14** - The Organizer may modify the names of the events at any time, either partially or completely, without this affecting the validity of the participation contract.

**Art. 15** - The Organizer is solely responsible for the infrastructure of the stands. The Organizer draws up the event plan and allocates the locations. It reserves the right to modify, if necessary and in the interests of the event, the layout and location of the stand allocated to the Exhibitor. In this case, the Organizer guarantees the Exhibitor a stand equivalent to the one that had been allocated to them.

**Art. 16** - Any visual, audio, or physical commercial practice aimed at attracting visitors to the stands must be approved by the Organizers by email at least 8 days before the opening of the event.

## EXHIBITOR OBLIGATIONS

**Art. 17** - The participation contract is final and irrevocable upon issuance of the corresponding invoice by the Organizer. In the event of cancellation or withdrawal by the Exhibitor less than 4 (four) months before the opening of the exhibition, the latter shall remain liable for the full amount of its participation and any related invoices, notwithstanding the Organizer's right to dispose of the space that had been allocated to it at its discretion.

**Art. 18** - The stand must be occupied at all times during official visitor opening hours. Failure to do so will result in the Organizer reserving the right to charge the Exhibitor a penalty, set at a flat rate of €300 excluding tax, as compensation for the loss incurred.

**Art. 19** - In the event that the Exhibitor, for any reason, does not occupy its stand on the opening day of the event or by the installation deadline set by the Organizer, this absence shall be deemed a withdrawal and shall result in the application of Article 16 above.

## GENERAL PROVISIONS

**Art. 20** - The Exhibitor is required to be familiar with and comply with all regulations in force at the time of the event, as enacted by the public authorities or the Organizer, in particular the ban on smoking in areas designated for collective use and regulations relating to fire safety and health and safety (SPS).

**Art. 21** - No pets, including those belonging to visitors, will be allowed at the event. The owner or person accompanying the animal will be solely responsible for any damage or harm caused or suffered by said animal.

**Art. 22** - In the event of Force Majeure, the Organizer may, without the Exhibitor being entitled to claim any compensation, decide to move, extend, postpone, or close the event early. The Organizer may also use a different venue, cancel or postpone the event. The following, in particular, shall be considered cases of force majeure: strikes, terrorist acts, wars, natural disasters, pandemics (e.g., COVID-19). If the Organizer is prevented from fulfilling all or part of its

obligations under this agreement due to force majeure, unforeseeable circumstances, or the actions of any person not involved in the organization and running of the exhibition, it must inform the other party and the agreement will be suspended. The organizer shall then be exempt, without having to pay any compensation and without being held liable, from the obligations arising from this contract for as long as the cause or effects of the force majeure continue.

**Art. 23** - One free parking space will be made available to the Exhibitor in the ALPEXPO parking lots.

## INSURANCE

**Art. 24** - The Organizer shall take out civil liability insurance in accordance with its obligations as organizer of the Meetings. The Exhibitor must take out civil liability insurance to cover any damage caused to other exhibitors and visitors. The Exhibitor undertakes to provide the Organizer with proof of insurance upon request. The clauses, guarantees, deductibles, and exclusions (particularly theft) are listed in the Exhibitor's Technical Guide. The insurance conditions may be modified in accordance with the requirements of the insurers. Any modifications shall be accepted by the Exhibitor, who undertakes not to consider them as grounds for calling into question the participation contract. However, the Exhibitor may, at its discretion, take out additional insurance with its own insurer or the organizer's insurer.

## LEGAL PROVISIONS

**Art. 25** - The Organizer shall be entitled to impose a penalty, which may include exclusion of the Exhibitor, and to claim compensation for any damage suffered in the event of a breach of the Exhibitor's obligations under these GTC or the Exhibitor Technical Guide.

**Art. 26** - Regardless of their validity, any complaints made by one Exhibitor against another Exhibitor or the Organizer shall be discussed away from the event and shall in no way disrupt the peace or image of the event.

**Art. 27** - In the event of a dispute between the parties, they agree to give priority to mediation under the auspices of the Grenoble Chamber of Commerce and Industry. If mediation fails, the courts of Grenoble shall have sole jurisdiction. By express agreement between the parties, these terms and conditions are governed by French law.
